# Acceptance Tests

Rainbow Software's Website

## Hit Counter

- ☐ The hit counter exists.
- ☐ The hit counter is prominently visible on the front page.
- ☐ The hit counter only counts hits on the front page.
- ☐ The hit counter counts hits.
- ☐ The hit counter only counts unique hits.
- ☐ The hit count is persistent.

## Email Form

- ☐ The email form exists.
- ☐ The email form is on the contact page.
- ☐ The email form sends emails.
- ☐ The email content type is plain text.
- ☐ The emails include the supposed email address of the sender in the "Reply-To" header.
- ☐ The emails specify that they are sent from the email form, e.g. in the footer.

## Content

- ☐ Each page contains the content we have delivered for that page specifically.  
Alternatively, we are happy with the content even though it is not exactly as we specified.
- ☐ The front page features positive testimonial quotes.
- ☐ The "About" page includes...
  - ☐ ...information about the company.
  - ☐ ...a list of employees in some manner.
  - ☐ ...a group photo.
